District 6080

Summer 2018

It's That Time of Year Again

Join the Class of 2019 & *"Be The Inspiration"*

What's in Your Rotary Future?

- ⇒ Are you a new Rotarian?
- ⇒ Are you a club officer or board member?
- ⇒ Do you want to learn more about Rotary?
- ⇒ Do you want to be a club leader?
- ⇒ Would you like to be a district leader or committee member?
- ⇒ Do you want to help grow your club?
- ⇒ Do you want to find ways to help your community learn about Rotary?
- ⇒ Do you want to start a new Interact or Rotaract club?
- ⇒ Do you want to learn how to write a grant?

Great! Here's an idea for you that will give you the background, knowledge, and tools you need to accomplish all of the above. If you said "Yes" to any of these questions then you are a perfect candidate to participate in the **District 6110 Leadership Academy**, the widely adopted Rotary training program that has been developing club and district leaders throughout the US and Russia for the past 20 years. Keeping this in mind, wouldn't you like to check off some of those questions and help your club? If so, this is the program for you and now is the time to act.

Registration for the **DLA Class of 2019** is now open with complete information and application materials available which can be downloaded from the District 6110 Leadership Academy website: www.academy6110.org. We invite you to visit the

site and find out what the DLA is all about. Download the application materials and become part of today's online education as well as part of Rotary's future.

During the past 20 years, more than 1450 students have graduated from DLA's taught in the numerous districts that are using the program. The DLA is updated each and every year with all of the latest Rotary materials to insure that the courses are current and include all of the latest changes..

We do have one recommendation that we would like you to consider as it will make your DLA experience even more valuable for you and your club. Recruit another member of your club to enroll in the program with you, then you can work on each course together, share the task load, prepare your assignments together, submit them together and get the same grades. Numerous previous graduates who partnered with another student say that doing so made it easier to complete each course in its 1-month time frame and they recommend that everyone consider this option.

Again, registration is now open. Get started by downloading and reviewing everything then get your application completed along with the Student Agreement and the Skills Survey and submit them to the Academy Dean, PDG Ellis Potter. The deadline for application submission is **August 25, 2018** via email at epotter@iolaks.us Course 1: Communications starts on Sept. 1 and the pre-course will be available to students as soon as they register. Don't miss out, be a leader . . . **REGISTER TODAY.**
